COVID-19 Response Local State of Emergency Avery County Government Ends Suspension of Short-term Rentals

The Coronavirus (COVID-19) pandemic continues to pose a looming threat to the public health and safety of the people of Avery County. Avery County Government continues to be proactive in taking the necessary steps to slow the spread through all appropriate means.

The Avery County Government and Health Department continues to stress the importance of the 3 W's:

1. Washing your hands for 20 seconds multiple times a day and using hand sanitizer.
2. Waiting by practicing social distancing and maintaining 6 feet minimum from others when you have to be out in public or at work.
3. Wearing a face covering or mask while in public.

These practical steps are the only proven defense in stopping the spread of the virus.

The Governor is moving to Phase 2 of the stay at home order beginning May 22nd. This will allow people to leave home for commercial activity and more businesses including restaurants and hair salons to open at 50% capacity.

The suspension of short-term rentals is removed with all units allowed to be rented or leased. We all know how important tourism is to our beautiful county and look forward to visitors enjoying the hotels and short-term rental sector of our economy. The lifting of the suspension is made cautiously and we still encourage that all visitors practice the three W's.

Avery County Government will return to being Avery County as soon as possible, the health and welfare of all our citizens continues to be most important during this difficult time.

Together we will beat COVID-19. Together we are Avery County.
